An effective Communication Toolkit for Translators & Interpreters

Are you sometimes unsure of how to maintain your professional relationships under stress?

or

Are you worried about how you what you say isn't quite what you mean?

YOU WILL

- learn about the key features of the Communication Toolkit, and the 3 applications of the Toolkit for Translators and Interpreters.
- experience the toolkit in action,
- observe the power of empathetic listening

Come along to our workshop introducing a communication framework based on feelings and needs. The course is tailored to Translators and Interpreters who desire resilience in the face of difficult interactions while building and maintaining safe and trusted relationships with employers and clients. We offer a toolkit which offers a successful and more compassionate way to communicate. You'll be introduced to the framework and get to observe it in action. Enjoy a fun and easy going experience, where you'll get a feel for: saying what you feel and need without blame or judgement; listening deeply with insight and empathy; and understanding more about yourself.
